## My Remuneration

The cost of providing a financial advice service to you including initial consultation, strategy development, product considerations and a Statement of Advice including implementation of that advice will depend upon the nature and complexity of the advice and or service provided. Fees for my advice and services may be based on either a fee for service arrangement, commission or a combination of both.

The relationship between Professional Investment Services and the Practice is arranged through a flat fee agreement. This agreement stipulates that 100% of remuneration is paid to the Practice. Therefore Professional Investment Services will retain 0% and the Practice will receive 100%.

If I charge a fee for service, this can range between \$550.00 and \$3,850.00 (including GST). If I charge a Statement of Advice preparation fee, this can range between \$550.00 and \$3,850.00 (including GST). My current hourly rate is \$330.00 per hour (including GST).

I may charge an adviser service fee based on a percentage of funds invested and/or an agreed ongoing service fee.

I may receive a commission in relation to arrangements entered into prior to 1 July 2013 and or amounts invested in relation to those arrangements before 30 June 2014. The range of commissions paid from initial fees in respect of investment is 0.00% to 2.00%. The range of commissions paid from ongoing fees in respect of investment is 0.00% to 1.10%.

If I receive upfront commission for insurance products I am able to receive 0.00% to 88.00% (including GST) on the premium of the insurance. If I receive ongoing commission for insurance products I am able to receive 0.00% to 31.13% (including GST) on the premium of the insurance. This is not applicable where insurance is placed as a group risk policy inside superannuation or where the policy is for the benefit of the member of a default fund.

The following examples illustrate how the fees and commissions are calculated.

With a flat Statement of Advice fee of \$1,000, Professional Investment Services would retain \$0 and the Practice would receive \$1,000.

With a 5% Adviser Service Fee paid on a \$150,000 investment Professional Investment Services would retain \$0 and the Practice would receive \$7,500.

On a \$1,000 annual insurance premium with an upfront commission of 88%, the product provider would pay Professional Investment Services \$880 and Professional Investment Services would retain \$0 and the Practice would receive \$880. These amounts are not an additional cost to you.

On a \$6,000 pa ongoing adviser service fee, Professional Investment Services would retain \$0 pa and the Practice would receive \$6,000 p.a.

Prior to preparing any advice or providing financial services to you, we will discuss and agree upon all fees that will apply.

## My Referral Arrangements

If a third party refers you, the referrer may receive a fee or a percentage of my fees and commission. I may also receive a referral fee should I refer you to a third party for ancillary advice. This is not an additional cost to you.

Any referral payments made or received will be disclosed in the advice document that is provided to you.
